

MOISSON  
MONTREAL

**2017**  
**2018**  
ANNUAL REPORT

# OUR MISSION

Founded in 1984 by Pierre Legault, Frédéric Sawyer, Brian Martin and Peter Gantous, Moisson Montréal is now Canada's largest food bank. Our charitable organization's mission is to maintain an optimal food supply for community agencies serving Montréal's most vulnerable people and to participate actively in creating sustainable solutions to promote food security.

Moisson Montréal believes that access to a healthy and sufficient food supply is a necessity for social reintegration and society as a whole.

## \$1 → \$15

### AN ORGANIZATION WITH IMPACT

Because of our extraordinary multiplier effect, Moisson Montréal distributes over \$15 worth of food for every dollar received in donations.

# OUR VALUES

## RESPECT

for the people we help, the coworkers, volunteers and partners

## INTEGRITY

in all aspects and actions undertaken by volunteers and staff

## FAIRNESS

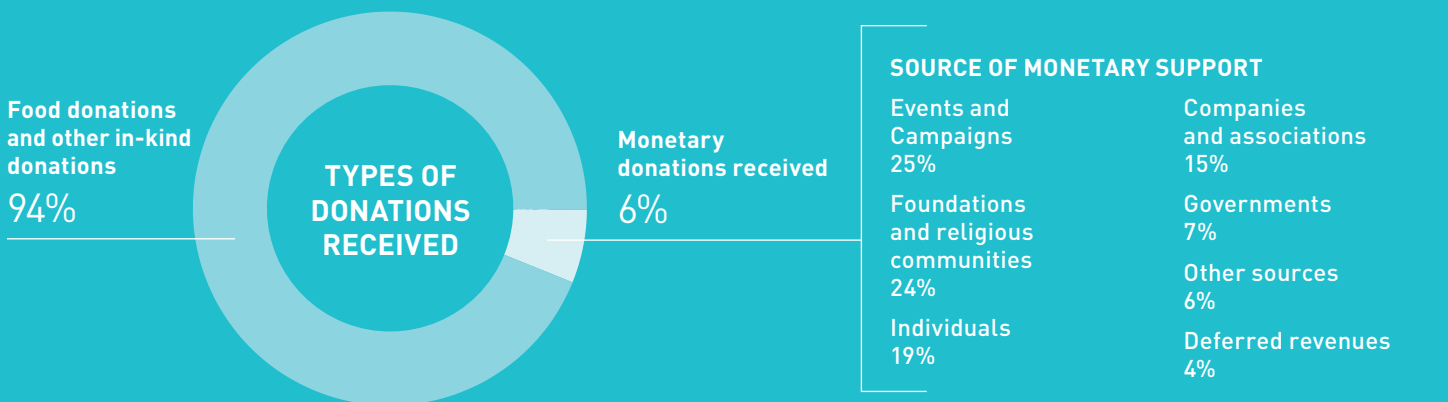

in the decisions made for all of our partners and in the sharing of food

## SOLIDARITY

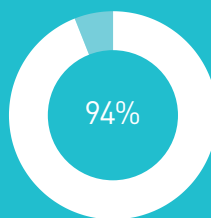

to maximize Moisson Montréal's role and impact within the community

## PERSONAL COMMITMENT

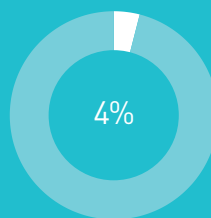

on a long-term and daily basis to the fight against hunger

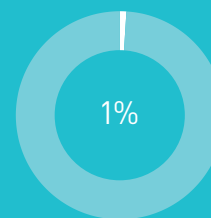

## DISTRIBUTION OF DONATIONS

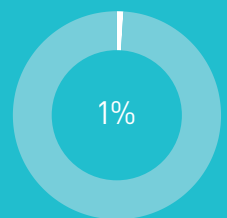

Distribution of food

Operations and services to organizations

Philanthropic development and financing activities

Administration

## MESSAGE FROM OUR LEADERS

### Richard Blain – President

I am thrilled to share with you that Moisson Montréal ended 2017–2018 in good financial health, despite the scale, complexity and continuous nature of our challenge: to bring food security to everyone in Montréal.

Moisson Montréal has increased its efforts to find sustainable solutions to ending hunger. The organization works closely with other Moisson food banks in Quebec and the other provinces on various projects and funding campaigns. It has cemented relationships with its 241 accredited community agencies to understand their specific issues and meet their needs. This year, Moisson Montréal has also invested in Montréal's community life by participating in a series of 20 round tables on food issues. Further, receiving the mandate for the Diagnosis of Current Practices in Food Assistance in Montréal speaks to our organization's involvement in our society and its ecosystem.

While food donations rose by 8% this year, in a survey given to our partner organizations as part of our strategic planning shows that we are only meeting 60% of their food needs. These worrisome results reveal the true scale of food insecurity in Montréal.

Counteracting this concern was our joy at receiving a gift from the Society for the Celebration of Montréal's 375<sup>th</sup> Anniversary and its Board of Governors. Their grant of over \$800,000 allowed us to conduct two feasibility studies and will enable us to build a fruit and vegetable processing

plant and purchase a fourth refrigerated truck to ensure the roll-out the Food Recovery in Supermarkets Program.

Moisson Montréal's Board of Directors has revised its strategic governance policy by implementing a development and evaluation system for directors. The Board welcomed two new recruits: Brunilda Reyes, from a community agency, and Adélaïde Israelian. I am proud and grateful for the profound and consistent commitment of the members of our Board of Directors. They all play an important role in Moisson Montréal's success.

I would also like to extend my deepest thanks to the employees of Moisson Montréal. Day after day, their dedicated work helps Moisson Montréal fill empty plates. I also thank our volunteers for their unwavering support, as well as our monetary and food donors. You are outstanding partners!

### Élise Guilbault – Spokesperson

Serving as the official spokesperson for Moisson Montréal for a second year has helped me better understand the issues and the impact of food insecurity in Montréal. I was particularly moved by the magnitude of the problem of hunger in our society. All levels of society are affected, from newborns—who face devastating repercussions—to school children, the working poor and seniors. No segment of society is exempt from the impact of food insecurity. Since I believe we can make a difference when we work together, I have decided to continue my hands-on involvement with Moisson Montréal and I invite you to do the same.

### Richard D. Daneau – Executive Director

What an extraordinary year! To summarize briefly: Moisson Montréal collaborated even more closely with our accredited organizations; we were able to make a surplus contribution of more than \$5 million of food and we became more actively involved in the Montreal food ecosystem.

Our work meetings with our partner community agencies, *Les Grands Échanges*, sparked great interest and even greater participation. Together, we addressed complex issues in order to find lasting solutions.

The renewed support of our volunteers permitted us to improve considerably our level of service and to reduce our operating costs. We are now working to develop different types of "professional" volunteering opportunities to complement the traditional volunteering activities that take place at our workstations.

Moisson Montréal's positive environmental impact keeps improving. This year we saved 16 million kg of food from waste, half of which would have been destined for landfill. Not only was \$86 million of food donated directly to community organizations, but this contribution also helped foster social reintegration and facilitated the provision of care and essential services to nearly 137,000 people in Montreal alone.

Together, we make a profound difference in the lives of many of the most vulnerable people in the metropolitan area. It is with passion and humility that we undertake to better respond to the needs of our partner community agencies. They are, after all, the very reason that we exist.

## AMBASSADORS' CLUB: UNITED TO FIGHT FOOD INSECURITY

The Ambassadors' Club began in 2012 as a tribute to those individuals who have gone to great lengths to fight hunger through their involvement with Moisson Montréal. The club is a group of exceptional people whose exemplary commitment promotes the organization at all levels. The Club now has over 60 members. In 2017, Moisson Montréal welcomed 13 new members to the Ambassadors' Club.

**57  
EMPLOYEES**

**97,352  
VOLUNTEER  
HOURS**

**MOISSON MONTRÉAL  
IN NUMBERS**

According to the last Hunger Count conducted in March 2017, Moisson Montréal and its 241 accredited organizations fulfill over 654,000 requests for food assistance each month, and come to the aid of nearly 137,000 Montrealers in need, of whom 41,500 are children. Despite our healthy economy, food insecurity remains a problem in Montréal. The sociodemographic profile of food bank users keeps changing however. Groups made up of children, the elderly and people with an income (whether through employment, pension or otherwise) keep growing.

**60 VOLUNTEERS**  
required per day to run  
our operations effectively

**11,012 VOLUNTEERS**  
in 2017-2018, including  
330 groups from companies  
or other organizations

**ONE OF THE 10 CHARITIES  
WITH THE GREATEST IMPACT**

*Charity Intelligence Canada* named Moisson Montréal one of the Top 10 Impact Charities in Canada, with the highest impact per dollar received. It is with great pride that we accepted this prestigious recognition, which reflects the extent of Moisson Montréal's social impact and it demonstrates that the donor makes a real difference with its gift.

**HIGHLIGHTS**

**A KEY PLAYER IN THE COMMUNITY  
SERVICE CONTINUUM**

Several of Moisson Montréal's accredited organizations say they could not stay open without the significant food donations they receive from Moisson Montréal. This allows them to concentrate their financial resources on activities that alleviate poverty. This major community partnership is the key to making a significant social impact.

**RECORD AMOUNTS  
OF FOOD REDISTRIBUTED**

While we have only been able to meet 60% of our accredited organizations food needs, Moisson Montréal was able to increase its food offer by 8%, for a total close to 16 million kilograms of food distributed to its entire network. These donations represent savings of nearly \$86 million for Montréal's vast food support network. They also have a significant environmental benefit as they have prevented millions of kilograms of perishable foods from ending up in landfills.

**A HUGE SOCIAL SOLIDARITY  
UNDERTAKING**

No one is immune from the situations that can lead to food insecurity, whether through unemployment, family breakdown or otherwise. Moisson Montréal enters people's lives when they most need help.

"You make a tangible difference in the daily lives of people battered by months or years of hardship and pervasive stress. Ms. X also found a peaceful and empowering space that allowed her to give back and to feel good. Regaining power over her life contributed to her clinical progress and strengthened her resolve to make courageous changes to benefit her family's health and safety."

Christelle Michel – Social worker at the Centre intégré universitaire de santé et de services sociaux

**MANY THANKS TO EACH  
AND EVERY ONE OF YOU  
FOR YOUR DEDICATION!**

# AT THE HEART OF MOISSON MONTRÉAL

Every day, employees and volunteers come to Moisson Montréal, ready to work together to fight food insecurity and find sustainable solutions. During the 2017–2018 fiscal year, 11,012 volunteers worked 97,352 volunteer-hours to support our operations.

## Varied volunteer needs

Every day, in addition to Moisson Montréal's staff, on average 60 volunteers step in to keep the organization running smoothly. Their support is not only deeply appreciated, it is vital. Without it, Moisson Montréal would be unable to successfully fulfill its mission.

There are several areas within Moisson Montréal where the assistance of volunteers is invaluable. We also rely on interns to help us with certain administrative matters. We are currently considering creating a pool of volunteers with professional experience to support us in the development and implementation of several management projects.

## VOLUNTEERING FOR VARIOUS REASONS

### Team building

A large proportion of our volunteers consists of groups of employees who while participating in team building exercises at Moisson Montréal also succeed in positively impacting their community.

### Help needed all year long

Moisson Montréal is fortunate to be able to count on the many volunteers who give of their time during the holiday season. While we are very grateful to them, it is important to remember that we also need volunteers throughout the year.

## Making a social contribution

Beyond its mission to help eradicate food insecurity, Moisson Montréal is an important social integration participant. The volunteers and others who take part in the various programs below have an opportunity to improve their skills, flourish and find fulfillment at Moisson Montréal. They develop self-reliance and many succeed in breaking their isolation while acquiring skills and know-how.

### CRDITED 18 VOLUNTEERS

The Intellectual Impairment or Pervasive Developmental Disorders Rehabilitation Centre offers specialized adaptation or social integration services, as well as support for families.

### VALORISATION JEUNESSE PLACE À LA RELÈVE 4 STUDENT VOLUNTEERS

First work experience offered mainly to youth from visible minorities

### PAAS-ACTION AND CREP 19 PARTICIPANTS

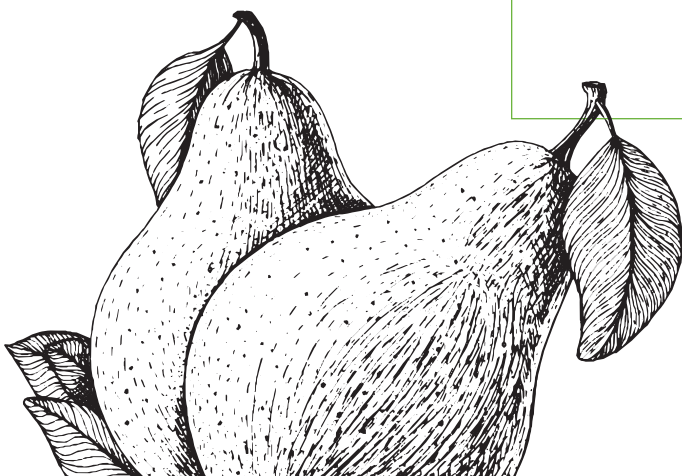

The Social Assistance and Support Program and the Learning and Teaching Resources Centre promote social and employment integration for individuals excluded from the labour market.

### CORRECTIONAL SERVICE OF CANADA 12 PARTICIPANTS

Professional reintegration

### SUMMER JOBS SERVICE CANADA 2 VOLUNTEERS

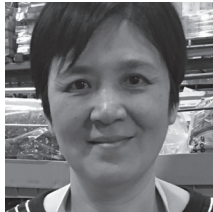

Summer jobs offered to students in certain fields

# TESTIMONIALS FROM VOLUNTEERS

## ANNA PENG

"I'm now an expert at sorting dry goods! I'm a young retiree and, for nearly four years, I have carefully filled boxes with food staples destined for a hungry person or family. A strong desire to help combined with a love for others is what motivates me to help fight hunger."

## HÉLÈNE MATTE

"I have been volunteering at Moisson Montréal every Friday for the past four years. I generally work in the warehouse. I sort the food and prepare food boxes for distribution. Sometimes, I'm even in the office sorting mail. I help where I'm needed!"

## JEAN MARCOUX

"I'm a happy Canada Post retiree who's been volunteering at Moisson Montréal for three years. Each week, I sort the meat in the freezers for distribution to community agencies. I have been lucky in life and now I've decided to share and give back to those who are not as fortunate as I am."

## CHARLES-EDOUARD JOANNIDES

"I go to Moisson Montréal several days a week to sort potatoes. I'm aware that too many people in Montreal are hungry. For me, volunteering at Moisson Montréal means ensuring that food that is still good to eat doesn't get thrown out, but is instead used to fill many empty plates."

# PHILANTHROPY

There are many people who share and believe in Moisson Montréal's mission. Their loyal support makes it possible for the organization to continue to combat food insecurity. Together, we make an enormous difference in the vast support network serving close to 137,000 Montrealers in need.

## LES JEUNES ALLIÉS DE MOISSON MONTRÉAL

The committee of young professionals came into being in November 2016. The committee unites young philanthropists in a shared cause that of actively contributing to eliminating food insecurity in Montréal. The highlight of the first year: the committee raised nearly \$45,000 for Moisson Montréal through various fundraising activities and networking. It was an impressive success for its first year. Moisson Montréal is extremely grateful to each member for their contribution and investment.

### COMMITTED AND AT OUR SIDE

#### Public figures

Several public figures sharing a commitment to combat food insecurity have joined forces with Moisson Montréal. Their voices are essential to spreading the organization's mission. Our deepest thanks for their valuable involvement.

### UN CHEF À DOMICILE

**Étienne Huot**

**Kimberly Lallouz**

**Antonio Park**

**Ian Perreault**

**Marie-Fleur St-Pierre**

We would like to make special mention of the chefs of Montréal and the South Shore who generously took part in the chefs' fundraising auction, for the campaign the Great Food Drive for Children, by offering a free meal to the auction winner and guests.

Moisson Montréal wishes to thank wholeheartedly our valued partners Loblaw Companies Ltd, as well as, and in particular Provigo and Maxi for their three-pronged philanthropic commitment (monetary and food donations as well as volunteering).

# OUR ORGANIZATIONS

Moisson Montréal spearheads food collection efforts for Montréal's emergency food network. This year, close to \$ 86 M worth of food was distributed to some 241 Moisson Montréal's accredited organizations and other foodbanks that fight poverty by providing food assistance. This results in considerable savings for the network, which in turn can then be allocated to direct services to individuals in need.

According to the 2017 Hunger Count, nearly **137,000 people**, including **41,500 children**, required food aid in the count's reference month. The accredited organizations take on the enormous task of orchestrating and answering these calls for help.

## THE COMMUNITY AGENCIES FOCUS ON THE FOLLOWING:

- Providing nutrition training      Running shelters
- Helping people with intellectual disabilities and their families
- Helping pregnant women, families and children
- Assisting with food security      Organizing community kitchens
- Running youth centres      Supporting mental health
- Helping the elderly      Welcoming and helping newcomers integrate
- Helping people find jobs      Helping with housing
- Helping with social reintegration and fighting isolation      Defending rights
- Fighting homelessness      Providing emergency health care
- Promoting healthy lifestyles      Promoting gender equality

### Order preparation

In order to accelerate the weekly collection of food at Moisson Montréal for the 241 organizations, a dry goods order (or preorder) preparation service was developed and implemented during the year. Given the very favourable comments made by the community agencies during the *Les Grands Échanges* work meetings, Moisson Montréal will continue preparing preorders, including fresh produce (fruit and vegetables) and frozen goods.

This new food distribution method helps the community agencies reduce their weekly collection expenses. It also lets them choose the food items and amounts they need, thus reducing waste and increasing the network's social impact.

### Who benefits from the assistance provided by Moisson Montréal?

Moisson Montréal's accredited organizations are committed to fighting poverty and social exclusion. Each community agency offers food assistance, with a large proportion of the food being provided by Moisson Montréal.

Each person who uses these services has a unique and compelling story. The organizations orchestrate and deliver their services taking into account the particular needs of each individual. The same is true for food services, which can take several forms, including food baskets, soup kitchens, meal services, community kitchens, community grocery stores and more.

**DANIEL**

Photo by Alexandre Champagne

### Accueil Bonneau resident

The father of a 10-year-old boy, Daniel fell into a deep depression after the loss of his mother and the separation from his wife. He lost the will to live, to work, and even the will to eat. Staying in hotel rooms, and paying by credit card, he soon ran out of money and wound up on the street. At the shelter, it was suggested he go to Accueil Bonneau to seek housing. With great effort and courage, he began working in Accueil Bonneau's kitchen. He began with small jobs before succeeding in finding full-time employment. His great pride is being able to welcome his son into his home and spend time with him. He is able to put money aside and now dreams of a two-bedroom apartment in Rosemont, where he can watch his son grow up.

**NASSIMA**

Photo by Alexandre Champagne

### Beneficiary of the Mouvement Fraternité Multi-Ethnique (MFME)

Nassima, who was a lawyer in Algeria, came to Quebec a few months ago. Despite having set money aside for the move, Nassima, her husband and their three children were the victims of fraud perpetrated by an acquaintance. From one day to the next, they lost half their savings and found themselves in a precarious position. Thanks to MFME and Moisson Montréal, Nassima's family will have enough to eat until they get back on their feet.

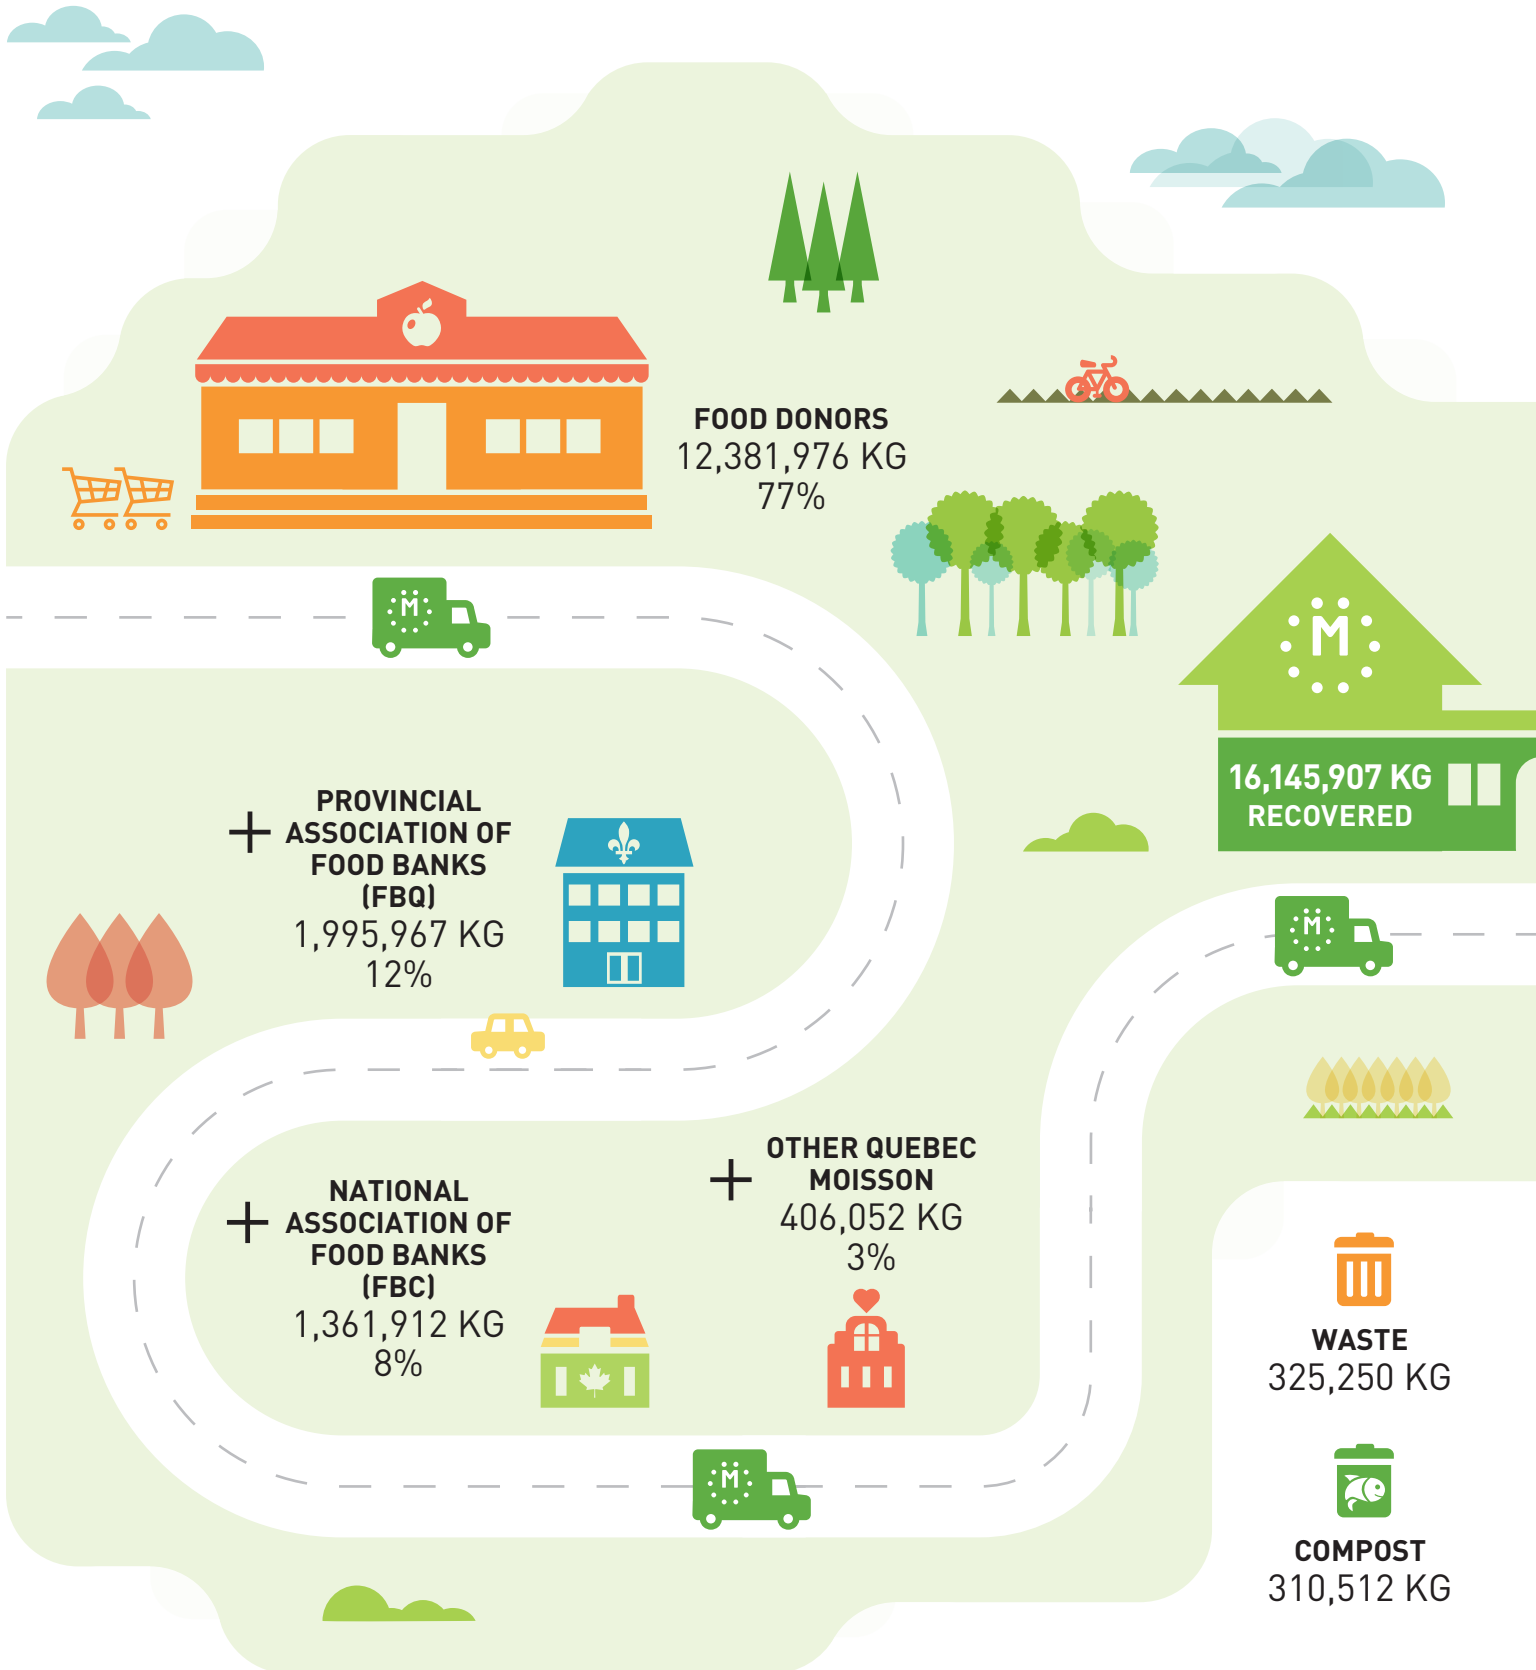

**STÉPHANIE NADEAU**

### Addiction counsellor at Toxico-Stop

"I've been an addiction counsellor at Toxico-Stop for nearly two-and-a-half years. Toxico-Stop is a certified detoxification and social reinsertion assistance and support centre that works with people with psychoactive-substance abuse problems. Moisson Montréal's contribution is undeniable. It is thanks to its precious help that organizations like ours can meet the food needs of clients who often don't have access to a healthy, balanced diet. Each week, we see smiles on the faces of the people we help."

# A SUSTAINABLE MOISSON

A vast majority of food distributed by Moisson Montréal is recovered rather than purchased. Moisson Montréal endeavours to recover the food items just before they expire, to redirect them within the food security network. In doing so, the organization keeps millions of kilograms out of food from ending up in landfills, preventing the resulting environmental impact that failure to do so would entail. This approach reflects our will to find sustainable solutions to food insecurity.

## ENVIRONMENTAL IMPACT

### ICI ON RECYCLE!

Moisson Montréal participates in the ICI ON RECYCLE! program launched by the Government entity RECYC-QUÉBEC, which highlights organizations efforts to repurpose waste. By achieving level-2 certification, Moisson Montréal has proven its ability to effectively reduce, reuse, recycle and repurpose waste products. The organization is working steadily toward achieving the third and highest level of certification.

### Carbon footprint

With the goal of protecting the environment, Moisson Montréal will be assessing the carbon footprint of its activities over the next year. This assessment will determine the organization's actual environmental impact and identify concrete improvement targets for improvement.

### Recovering food items destined for landfills

According to the Food and Agriculture Organization of the United Nations, 40% of food produced is lost between the farm and the plate.

At Moisson Montréal, nearly 50% of the food it recovers is perishable, meaning it has a very short life.

Securing this food at the right moment means we can deliver nearly 8 million kilograms of perishable food to individuals in need rather than consigning it to landfills. In this way, Moisson Montréal demonstrates its continued commitment to sustainable development.

### Healthy eating habits

*Just because people are in need it doesn't mean they don't have the right to healthy food.*

Moisson Montréal questions the practice of distributing certain types of ultra-processed and unhealthy foods. We have discussed with other community agencies how best to fight food insecurity and promote long-lasting and healthy eating habits.

With help from Mitacs, a non-profit research organization, Moisson Montréal is exploring and revising its food categorization system. Working with Santé Publique, Moisson Montréal hopes to find a way to promote healthy eating while still focusing on its fundamental mandate.

- BABY FOOD AND PRODUCTS - 1%
- NON-EDIBLE PRODUCTS - 1%

THIS YEAR, MOISSON MONTRÉAL DISTRIBUTED 15,669,166 KG OF FOOD ITEMS

# FOOD RECOVERY IN SUPERMARKETS PROGRAM (FRSP)

Launched in 2013 by Moisson Montréal, the Food Recovery in Supermarkets Program has proven its merit and is now underway throughout Quebec. Moisson Montréal recovers unsold consumables from supermarkets and redistributes them to serve Montrealers in need.

## THE FRSP REFLECTS MOISSON MONTRÉAL'S TWO-PRONGED MISSION:

- To promote access to healthy, nutritious food for all and
- To take part in creating sustainable solutions

## INCREASING THE MEAT SUPPLY

- Moisson Montréal's food assistance program is greatly improved by the addition of various meat proteins
- The addition of meats enables partner community agencies to significantly reduce their food-purchase budgets
- Without the FRSP, many people in need would rarely eat meat

## REDUCING FOOD WASTE BY PUTTING UNUSED FOOD TO GOOD USE

- Knowing that 40% of food is wasted between field and plate, putting the FRSP into action makes perfect sense
- More than 100 supermarkets regularly donate their unsold food to Moisson Montréal

## TOTAL QUANTITIES OF RECOVERED PRODUCTS, BY CATEGORY

## CAMPAIGNS AND EVENTS

Funding is the main ongoing challenge to ensuring Moisson Montréal’s continued sustainability. Fundraising campaigns and events provide significant funds to the organization. They also help increase our visibility and educate the public about the problems caused by food insecurity.

### 15<sup>th</sup> Golf Classic - \$275,000

The well-attended vintage golf tournament was a trip back in time! Several activities took place on the site on June 15, 2017, making the event one of our main sources of funding.

### 7<sup>th</sup> edition of The Great Food Drive for Children - \$227,000

The goal of this campaign is to educate people about how food insecurity impacts the development of children aged five and under. For greater efficiency, the Great Food Drive for Children was jointly organized and run with Moisson Rive Sud.

Between April 1<sup>st</sup> and 30<sup>th</sup>, 2017, three events took place to highlight the campaign: Children’s Day, the “Chef at Home” auction and the benefit supper.

**We gratefully acknowledge our sponsors Provigo/Maxi and Scotts.**

### Hunger Doesn’t Take a Holiday - \$87,000

During the summer, when children no longer have access to meals provided by the school system, some families must turn to local food banks. This is when Moisson Montréal’s fundraisers become so important. During this period we also work to raise public awareness of this reality.

Part of the campaign was the fifth annual food and funds collection at La Ronde, which raised \$21,900.

**Many thanks to La Ronde for its unwavering support.**

### Feeding the Future - \$5,000

This nationwide program was first launched by the Sodexo Foundation in 2001, and Moisson Montréal has been the City of Montréal’s main partner since 2011. This program provides free lunches during the summer to children in need. In 2017, nearly 37,000 free meals were distributed to 915 children at 12 day camps.

**Moisson Montréal is grateful for the generosity of Olymel, Sodexo and the Montreal Museum of Fine Arts.**

### Feeding the Holiday Spirit - \$138,000

From November 1 to December 31, 2017, some 250 companies and individuals helped collect money and non-perishable food items for our annual campaign. More than 16,000 holiday food baskets were made and, thanks to the Fondation Marcelle et Jean Coutu, 2,800 turkeys were distributed.

Meanwhile, the “Multiplions les dindes” sub-campaign for micro-donations was launched in December 2017. The public was invited to make a donation during the holiday season, symbolically giving a turkey to those in need.

### Atelier de Joël Robuchon - \$39,000

A new addition to Moisson Montréal’s calendar, this gastronomic evening took place on March 14, 2018, at L’Atelier de Joël Robuchon at the Casino de Montréal. The unprecedented culinary event afforded guests a spirited and memorable experience.

**Our thanks to the partners who made this event possible: Montreal Airport Marriott In-Terminal Hotel and the Casino de Montréal.**

### Direct mail fundraising campaigns - \$379,000

This year, our cherished donors who are committed to the cause of food insecurity and seek to assist us in alleviating it, participated in three campaigns for donations. We sincerely thank you for your loyalty.

Moisson Montréal is fortunate to be able to count on several partners that rally participants to the food insecurity cause throughout the year. Here are a few of their fundraising events:

**Académie des Sacrés-Cœurs - \$1,459**

The students and staff sold cookie mix in jars in December, with proceeds going to Moisson Montréal.

**Demers Beaulne - \$6,927**

The accounting firm employees gathered for happy hour during the holidays, donating all the proceeds to our organization.

**Prével Bassins du Havre holiday campaign - \$7,650**

Once again this year, Prével invited its partners to make a donation to fight food insecurity during the holidays. The company generously doubled the collected amount.

**Every Plate Full - \$4,450**

We would like to thank Food Banks Canada for their national Every Plate Full campaign, which was held from May 23 to June 9, 2017, to fight hunger during the summer meal gap.

**Save It Forward - \$34,088**

Loblaw Companies stores gave their customers coupons to save on their grocery bill and made a donation to Moisson Montréal for every coupon used.

**Omni Hotels - \$15,000**

Omni Hotels gave us a generous donation through their "Say Goodnight to Hunger" campaign.

**Insta-chèques/Money Mart - \$5,280**

Money Mart employees were invited to pay \$1 to wear jeans during the month of December. The company generously matched the donations.

**La Fête des Restos - \$3,215**

This gastronomic event at Bonsecours Terrasses attracted Montréal's foodies. RestoMontréal gave part of the profits to Moisson Montréal.

**Media's Big Food Drive - \$175,616**

The population was asked to donate money or food staples between November 27 and December 24, 2017. Special thanks to the friends of the campaign: the Jean Coutu Group, Maxi, Provigo and Via Capitale.

**Purolator Tackle Hunger with the Montréal Alouettes - \$9,674**

Once again Moisson Montréal attended a Montréal Alouettes game on September 17, 2017, and with Purolator's help, collected donations and food staples with Purolator's help.

**Lolë Yellow Label - \$2,043**

The population was invited to donate gently worn coats to the Lolë Yellow Label program. All proceeds from the coat sales were donated to Moisson Montréal.

**Marche aux flambeaux - \$2,447**

A large crowd gathered for the torchlight procession organized by La Société du Développement de l'Avenue du Mont-Royal. Participants were invited to donate money or food staples to Moisson Montréal in exchange for a torch.

**Subway - \$12,500**

For every sandwich sold in participating stores, Subway generously offered customers a second sandwich and donated the equivalent of a meal to Food Banks Canada during National Sandwich Day.

**CP Holiday Train - \$18,158**

A Canada-wide campaign, the CP Holiday Train made a stop at the Beaconsfield train station where nearly 3,000 people were awaiting its arrival. Moisson Montréal was onsite to collect donations.

**Generous Wines of the SAQ in partnership with the FBQ - \$156,320**

The Generous Wines campaign took place over a weekend. Société des alcools du Québec (SAQ) customers were invited to make a donation at the cash register. The SAQ gave \$1 to Food Banks of Quebec for every bottle of white wine sold.

We would like to thank all of our partners who work so closely with us and allow us to make a real difference in the lives of Montrealers in need.

**MEDIA  
HIGH POINT**

Alexandre Champagne took portrait photographs of Moisson Montréal volunteers, beneficiaries and employees as part of a photo project entitled "9 jours - 9 portraits." We applaud his initiative which attracted great attention to the cause.

Photo: Alexandre Champagne

## STRATEGIC PLANNING

As part of its governance requirements and to assist it in planning for the future, Moisson Montréal conducted a strategic planning exercise for the 2017–2020 period. Led by the Board of Directors, this exercise included a broad consultation of our employees and our community agencies.

This consultation revealed that while the community organizations are very satisfied with the support provided by Moisson Montréal, our organization only met 60% of their food needs.

These are the guidelines for our strategic plan over the next few years:

- Improvement in the quantity and variety of food distributed to the organizations, and optimization of the supply network and the performance of the distribution network
- Establishment of a structured high-performing financing plan and foster a culture of philanthropy within the organization
- Development close partnerships with the accredited organizations
- Strengthen operational synergies with the other Quebec Moissons and complementary organizations
- Consolidation of the organization

## SIGNIFICANT PROJECTS

MOISSON MONTRÉAL AIMS TO IMPROVE THE QUALITY OF ITS SERVICES, AS WELL AS ITS IMPACT ON THE MONTRÉAL COMMUNITY. THE FOLLOWING PROJECTS, WHICH ARE OR WILL BE UNDERWAY IN 2018–2019, MERIT PARTICULAR ATTENTION.

### Revitalization of community life

Moisson Montréal is continuing its efforts to strengthen ties with its accredited organizations, while at the same time increasing its participation in community life.

It organized its first discussion forum called Les Grands Échanges in October 2017, with the intention of repeating these forums with its community agencies. The first meeting dealt with broad notions of philanthropy. The organizations in attendance expressed their interest in attending two such meetings per year.

In addition, Moisson Montréal increased its presence and participation in the community by taking part in several other round table discussions. Whether with these organizations, large research foundations or other Moisson in the Greater Montreal Area, Moisson Montréal is committed to taking a leadership role against food insecurity.

### Improving the supply of fruit and vegetables

The Society for the Celebration of Montréal's 375<sup>th</sup> Anniversary and its Board of Governors announced a strategic investment in Moisson Montréal enabling it to build a fruit and vegetable processing plant on the premises and to purchase a fourth refrigerated truck. Thanks to this generous donation, Moisson Montréal will be able to offer hundreds of thousands of additional kilograms of fruit, vegetables and meat to Montréal families in need.

As a result, a larger quantity of better quality food will be distributed, fostering healthier eating habits. The processing plant will also have a positive environmental impact, as it will allow Moisson Montréal to extend the shelf life of large quantities of fruit and vegetables that would otherwise have ended up in landfill. The new refrigerated truck will maximize the collection of meat from grocery stores not yet participating in the Food Recovery in Supermarkets Program.

### Assessing current food security practices

A Moisson Montréal initiative in partnership with Regroupement Partage and the Table de concertation sur la faim et le développement social du Montréal Métropolitain, aims to draw an accurate portrait of current food insecurity conditions on the Island of Montréal. The goal is to identify and categorize all organizations fighting food insecurity on the Island, and to determine possible synergies and/or duplication of services.

**Statement of Revenue — year ended March 31**

Porte ouverte (La) - The Open Door

Moisson Montréal répond également aux besoins de 40 organismes de façon ponctuelle.

Enfin, dans un effort continu pour limiter le gaspillage alimentaire et favoriser les synergies, Moisson Montréal a redonné plus de 3 millions de kg de denrées aux 18 autres Moisson du Québec, ainsi qu'aux banques alimentaires du reste du Canada.

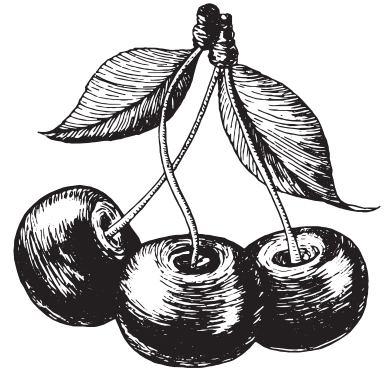

Moisson Montréal also serves the needs of 40 other organizations as and when requested.

Lastly, in an ongoing effort to limit food waste and to encourage synergies, Moisson Montréal redistributed more than 3 million kilograms of food to 18 other Moisson food banks in Quebec, and elsewhere in Canada.

# NOS DONATEURS 2017 – 2018 DONORS

Moisson Montréal souhaite remercier les entreprises, fondations et organisations qui, au fil des années, ont démontré un engagement exceptionnel envers la lutte contre la précarité alimentaire par un engagement soutenu sous forme de bénévolat, de don monétaire ou alimentaire.

Moisson Montréal would like to thank the companies, foundations and organizations that, over the years, have demonstrated exceptional dedication to the fight against food insecurity through their sustained commitment, either via volunteering, financial or food donations.
